

MY VILLAGE

I live in a village called Schleedorf.

It is not so big because there are just about 1,000 inhabitants. In our village there is a school, a bank, a library, a kindergarten, a church, a little shop and for me the most important thing is the fire brigade!

We've got four restaurants in Schleedorf: Hofwirt, Kollerwirt, Tannberg-restaurant and Marianne's chicken stable. Marianne's restaurant is next to the sports ground.

Our mayor is called Hermann Scheipl.

We have a "new" main square. I think it's four years old.

What I like about living in Schleedorf is that there are friendly people, it's a beautiful village, we have got clean air, everyone knows each other and I also like the little shop.

I am happy that I can live in Schleedorf! 😊
